I hope that you will enjoy your portrait experience with AG Photography. My goal is to make each session as unique as each individual. I don't have a set number of photos that I take. Each session varies.

The number can range from as few as 50 to as many as 300. These "proofs" are filtered through and narrowed down to the number of proofs that you would like to have printed.

Indoor and Out-door options are available at my studio location.
