

I hope that you will enjoy your Senior portrait experience with AG Photography. My goal is to make each session as unique as each individual.

I don't have a set number of photos that I take. Each session varies. The number can range from as few as 30 to 100. These "proofs" are posted online, filtered through, and narrowed down to the number of proofs that you would like to have printed in your album or portfolio

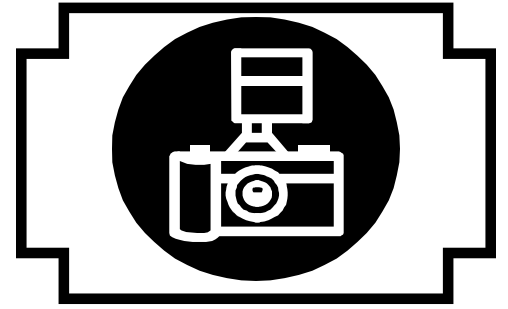

Trying to meet that yearbook deadline? Enjoy the option of digital proofing at the time of your sitting.

Indoor and Outdoor options are available at my studio location.

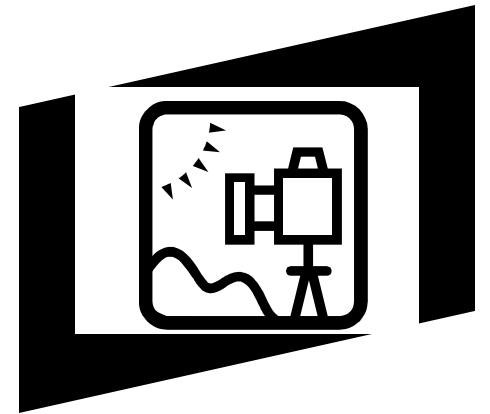

If you have an idea for a portrait, let me know and I will do my best to create it for you. Let me capture your Senior memories so that you can cherish them forever.
